The Courage to Speak Foundation has developed a new program for parents called *Courage to Speak - Courageous Parenting 101[®]*. This program is a **free** two-session drug prevention

education program for parents from all communities with children in elementary, middle and high school wishing to arm themselves with the knowledge of how to keep their children safe.

Courage to Speak - Courageous Parenting 101® will cover:

- Teen drug use trends and party culture;
- Drug and alcohol abuse, addiction and its physiological consequences;
- Protective, psychological and developmental guidance to help reduce the risk of substance use;
- Dangers of enabling and hands-off parenting;
- Communication and listening strategies;
- How to help your child handle stress;
- Warning signs;
- The power of denial;
- Practical steps if use or abuse is suspected;
- Parenting styles;
- Sources of help and more.

For more information, contact Carol Troy at 203-831-9700 or ctroy@couragetospeak.org.

Letter to the Editor By Ginger Katz

I just couldn't believe it happened in our family.

I just couldn't believe children are being exposed to this.

I just couldn't believe that drugs took my son.

Psychiatry:

Labeling Kids with Bogus Mental Disorders

CCHR: Psychiatry: Labeling Kids with Bogus
'Mental Disorders'

The Citizens Commission on Human Rights put together this public service announcement regarding adolescents & "mental disorders." 20 Million Kids & Adolescents are labeled with "mental disorders" that are based solely on a checklist of

behaviors. There are no brain scans, x-rays, genetic or blood tests that can prove they are "mentally ill", yet these children are stigmatized for life with psychiatric disorders, and prescribed dangerous, life-threatening psychiatric drugs. Child drugging is a \$4.8 billion-a-year industry. Get the facts about this multi-billion dollar industry that is labeling and drugging kids for profit.
